

CERAMICS

NEW Creative Playtime Ceramics Classes

The City has a new Ceramics Studio and Art Room at the Heritage Park and Museums. A kiln has been installed on-site, so for the first time Dublin is offering ceramics programs where students can design and fire their own clay art pieces.

Flashy Fish

If you love bright colors, shapes and textures, and have a desire to try something new, come on in to the ceramics studio to make a school of fabulous fish! We'll be creating colorful fish in all sizes and shapes out of clay using slab techniques. Your instructor will provide demonstrations and any help you need. You'll glaze each one-of-a-kind fish in bright colors of your choice and they'll be ready to swim on your walls for years and years. It's fun art adventure for the imaginative mind! A \$33 materials fee is payable to the instructor at the first class.

6 Classes. Instructor: S. Hudson

4 - 8 Yrs. \$107 Res/\$128 Non Res

Projects for Your Room

Does your room need a little bit of "zip"? Fix it up by creating a clever personalized project for your room. Make a name sign for your door; create a treasure box for important secret stuff; make personalized frames for pictures of you and your friends. You can also bring ideas of your own! You'll glaze them to match your room, or to create gifts for your friends. A very creative clay class for boys and girls. Try it out! A \$35 materials fee is payable to the instructor at the first class.

DANCE

Hula Dance

Come and learn the art of hula—as a dance, as a way of life and as an intricate part of the history of the Hawaiian people. Hula is a dance that moves the body, the mind and the spirit. You will be introduced to the traditional and the modern style of this Hawaiian cultural dance form. Come and share the ALOHA spirit! Gloria Ruiz is Instructor and Director of Hula School Halau Makana Lani. She has been dancing hula for 15 years, teaching for seven years and studying under a hula master in Oahu for nine years. No experience necessary.

MARTIAL ARTS

Fitness & Self Defense/Safety Awareness Training

The concepts and principles attained in this class will focus on attackers' motion and movement, and how to respond in a preparatory manner and reactionary mode. Students will learn effective controlling techniques/maneuvers to restrain an attacker without the use of excessive force. The program includes stretching, conditioning, breathing techniques, blocking/striking, kicks to specific target areas, breaking away from grabs, falling, joint-locking, throwing and grappling defense techniques, and defense against weapon attacks. More importantly, learn how to avoid conflict, be aware of your surroundings, and build up your self-esteem. Uniform strongly suggested, but not required.

Introduction to Martial Arts

This unique bi-weekly class develops a child's focus and concentration through drills used in martial arts. It's a fun and very active class which slowly introduces good posture, eye contact, respect, and discipline—all key components when a child is listening and conversing with an adult. In this program, the instructor will relate the concentration and focus learned through classroom instruction to refine social skills. This program is for new students only and upon enrollment, students will also receive a free uniform!

Young Rembrandts: Preschool Drawing

April showers bring May flowers and springtime is the right time for signing up your preschooler for a Young Rembrandts class! The spring months will blast off with excitement as we draw a wonderful astronaut. But it's not all about space adventures; your student's feet will be firmly planted back on planet Earth with a drawing of a tree house. And don't let those May flowers go unnoticed; the month of May will bloom with our flower basket drawing.

Wee Hoop Dribblers

Help your child develop motor skills and coordination pertinent to the game of basketball. Repetition will enable children to build their confidence level so that parent participation lessens over time. Activities include organized games that help children to develop listening skills and learn to follow directions. Participants are required to bring a size three basketball. Balls will also be available for purchase for \$7 at the first class. Parent participation is required.

Hansel and Gretel: The Untold Story

This fractured fairy tale of Hansel and Gretel weaves in many other fairy tale characters like Snow White, The Three Bears, Little Red Riding Hood, the Wolf, Prince Charming and his clean-freak mother the Queen! The laughs never stop as Gretel works to save her brother Hansel from being cooked! She gets help from the Little White Bird who gathers the other fairy tale characters to save Hansel and to rid the forest of the Wicked Witch once and for all! For beginners to experienced—everyone is cast. Invite family and friends to the performances the weekend of 6/2. Admission charged for shows. A \$50 material fee is payable to TVYPA. Extra rehearsals may be necessary the week before the show.

Robotics 101

Using the renowned LEGO® WeDO Project based curriculum, instructors guide and teach students the basics of Robotics. No prior knowledge is needed. This hands-on class will focus on science, mathematics, social studies, and language concepts. Working in groups of two, children are guided each step of the way in assembling and programming their robot. The WeDO Project, which is connected to the computer at all times, helps create a clear link between the virtual world (computers and programming) and the physical world (represented by the models). Icon-based programming helps students quickly and easily learn to write and download programs to their LEGO® creations. Individual attention enables every child to learn fundamental engineering concepts in an easy, fun and friendly atmosphere.

Quick Start Tennis

"10 and Under Tennis" works by getting kids involved in the game immediately. Within the first hour of stepping onto the court, they are playing the game, rallying with one another, moving around the court and having fun. Scaling the game and court down to their size helps make the learning process easier and more fun. This class will give them confidence by seeing their own immediate progress, making them more enthusiastic about continuing to play and improve.

Velocity Sports Girls Spring Volleyball League

Velocity's Girls Spring Volleyball League is open to fifth through eighth grade girls. Highly trained and experienced staff will teach volleyball fundamentals using philosophies from Gold Medal Squared and USA Volleyball. This program is a great introduction to the world of club volleyball. For the more experienced players, staff will continue to emphasize fundamentals, and add advanced volleyball techniques with a heavy concentration on footwork and arm swing. Teams will train twice weekly during this six week program. One Saturday tournament will also be included. The registration fee includes a t-shirt for each participant.

10 Practices. Lead Instructor: Jack Cowden, Foothill College and USA Volleyball High Performance Coach

**Beginning Tumbling**

Here's your child's chance to learn to tumble! This acrobatic discipline is often used in other sports such as cheerleading and diving. Students will learn basic skills including cartwheels, handstands, rolls and progressions for round-offs. Come try out your tumbling and back hand springs on our in-ground and above ground tumble-tracks.
